TIBETAN PARLIAMENT-IN-EXILE

74/TPiE/2018/26604

5th January 2019

To
Honorable Nancy Pelosi
Speaker of US Congress
The United States of America

Subject: Congratulatory greetings on being re-elected as the Speaker of the US Congress.

Your Excellency,

On behalf of all the Tibetans in and outside Tibet, the Tibetan Parliament-in-Exile would like to convey our heartiest congratulations to your honor for being elected as the Speaker of the U.S. House of Representatives for the second time. This is a ray of great hope for the peoples of the world that believe in peace, equality, justice and basic human freedom as you have been an icon of such virtues.

As victims of a lost country, we the Tibetans reaffirm our belief and hope in you and what your honor had once stated during your kind visit to Dharamshala with regard to your visit in Tibet in the year 2015. Where in it was mentioned that you and your colleagues had promised to continue to work hard to fight against all injustices in the world until His Holiness the Fourteenth Dalai Lama returns to his rightful Potala Palace in Tibet.

I take this opportunity to thank you very much for your unwavering support and commitment towards the just cause of Tibet in the past many decades. I would also like to express here our deep gratitude to you, your colleagues and the Government of the United States of America, for the recent outcome of the H.R. 1872-Reciprocal Access to Tibet Act-2018 and the Asia Reassurance Initiative Act with special reference to Tibet. Thank you once again!

We earnestly hope that your determination, sincerity and hard work will bear fruitful results. Thus under your just leadership, we look forward to a day when all the great human virtues flourish in this world and can be enjoyed by every sentient being.

Wishing you the very best in your new endeavor to work for the welfare of all the peoples of the world.

With highest regards,

Pema Jungney (Mr.)
Speaker
Tibetan Parliament-in-Exile

Gangchen Kyishong, Dharamsala-176215, Distt. Kangra (H.P) India
