

Date: 15 April 2020

Ambassador Elisabeth Tichy- Fisslberger  
President of the UN Human Rights Council  
Palais des Nations  
1211 Geneva

Subject: Cancelling the appointment of Mr. Jiang Duan, Minister at the Permanent Mission of the People's Republic of China, from the Consultative Group of the UNHRC

Your Excellency,

We, the undersigned 82 organizations and associations write this joint letter to express our profound disappointment over the appointment of Mr. Jiang Duan, Minister at the Permanent Mission of the People's Republic of China, to the Human Rights Council's Consultative Group from 1 April 2020 to 31 March 2021.

The consultative group which plays a key role in the appointments of independent human rights experts under special procedures of the UN Human Rights Council is expected to be composed of States that promote and protect the existing UN human rights mechanisms. On the contrary, the appointment of China to the consultative group from the Asia-Pacific Region undermines everything that the UN Human Rights Council represents and strives for.

Special procedures have played a pivotal role in bringing to fore the ground realities of human rights violations in many States including China. Mr. Jiang's appointment will, undoubtedly, give China an influential say over the screening and selection process of the independent human rights experts under various special procedures throughout the fourteenth cycle of the UN Human Rights Council. With this appointment, China will be able to weaken the 17 Special Procedures which are due for fresh appointments eventually subverting the entire system of special procedures. We cannot let a fox guard the henhouse.

Furthermore, this appointment undermines the very reason for the establishment of Human Rights Council replacing the erstwhile Human Right Commission which was strongly criticized for having members with poor human rights records. China has undoubtedly been one of the worst human rights abusers in the world. It has consistently attempted to dismantle the existing definitions of universal human rights and the international human rights system and replace the same with "Chinese Characteristics" of abuse and violations.

China's concealment and suppression of the COVID-19 whistleblowers including Dr. Li Wenliang and Dr. Ai Fen and the *malafide* misinformation to the World Health Organization has plunged the world into unprecedented chaos resulting in innumerable hardships and sufferings to people worldwide. The current disinformation and fake fabricated propaganda by China to change the truth by changing the narrative on the Wuhan originated COVID-19 pandemic clearly evinces China's deception and dishonesty.

Despite more than six-decades of China's oppression and brutal repression against Tibetan people, Tibetans continue to resist often at the cost of their lives and pin their hopes on the UN. More than 154 Tibetans from different walks of life across the Tibetan plateau have self-

immolated in protest against China's repressive policies. The selection of China at the Human Rights Council's consultative group sends a discouraging message to the Tibetans pinning their hopes on the UN and further jeopardizes the safety of the marginalized and vulnerable Tibetans. It also dampens the spirit of the Chinese Human rights Defenders, the Uyghurs, Southern-Mongolians and the Hong-Kong pro-democracy advocates who are putting their lives at risk for basic rights of their people against the self-serving interests of Chinese Communist Party Government.

Your Excellency, in view of the above-mentioned concerns, and to restore confidence towards the working operation of the UN Human Rights Council, we urge your immediate attention in reconsidering the composition of consultative group of the UN Human Rights Council by cancelling the appointment China's minister Mr. Jiang Duan from the consultative group of the UNHRC.

In anticipation of your serious consideration and corrective actions,

Yours Sincerely
